

2hp Mult

Passive 2:6 multiplier

Tech Specs

Width: 2HP

Depth: 10mm

Power Consumption:

+12V=0mA, -12V=0mA, +5V=0mA

Output 1

Outputs a copy of Input 1's signal.

Output 2

Outputs a copy of Input 1's signal.

Output 3

Outputs a copy of Input 1's signal.

Output 4

Outputs a copy of Input 1's signal.

Output 5

Outputs a copy of Input 1's signal.

Output 6

Outputs a copy of Input 1's signal.

Input 1

Signal input for the first channel. Normals to the second channel's input when no cable is present in Input 2.

Input 2

Signal input for the second channel. This input only sends its signal to outputs four, five, and six.
